HELM SOLUTIONS GROUP AWARDED “BEST SOLUTION” BY CALIFORNIA’S CIO

SACRAMENTO, CALIFORNIA (May 11, 2005) – Helm Solutions Group, Inc. (“HSG”), the El Dorado Hills, California-based computer systems developer was presented with the “Best Solutions” award today by Clark Kelso, CIO of the State of California, at the 2005 Government Technologies Conference (GTC). The award is in recognition of HSG’s software development of the “TimeTracker for Mandated Cost Reimbursements” component of the Online Collective Bargaining (OCB) system.

The OCB system is jointly developed by HSG and the Community College League of California (CCLC) for all 72 California Community College Districts. This new component enables the districts to collect and report staff time spent on collective bargaining activities which are then submitted for reimbursement by the State of California.

“The TimeTracker component is another important feature in the extensive and evolving set of capabilities that OCB offers to the school districts”, stated Jon Foster, CEO of HSG.

Jon Foster
CEO of HSG

Clark Kelso
CIO of California

Helm Solutions Group, Inc. (www.helmsolutions.com) offers enterprise class systems development knowledge and expertise that enables HSG to provide subject matter experts with “SWAT teams” of talented developers to facilitate capitalizing on time sensitive market opportunities.
